Workspace 1 challenge.xlsx - LibreOffice Calc Rpa Challenge — Mozilla Firefox

I can see an RPA Challenge form with several fields that need to be filled out. The form has the following fields:

- Email
- First Name
- Company Name
- Last Name
- Phone Number
- Address

I can also see there's a blue "DOWNLOAD EXCEL" button and an orange "ROUND 6" button on the left side, as well as an orange "SUBMIT" button at the bottom of the form.

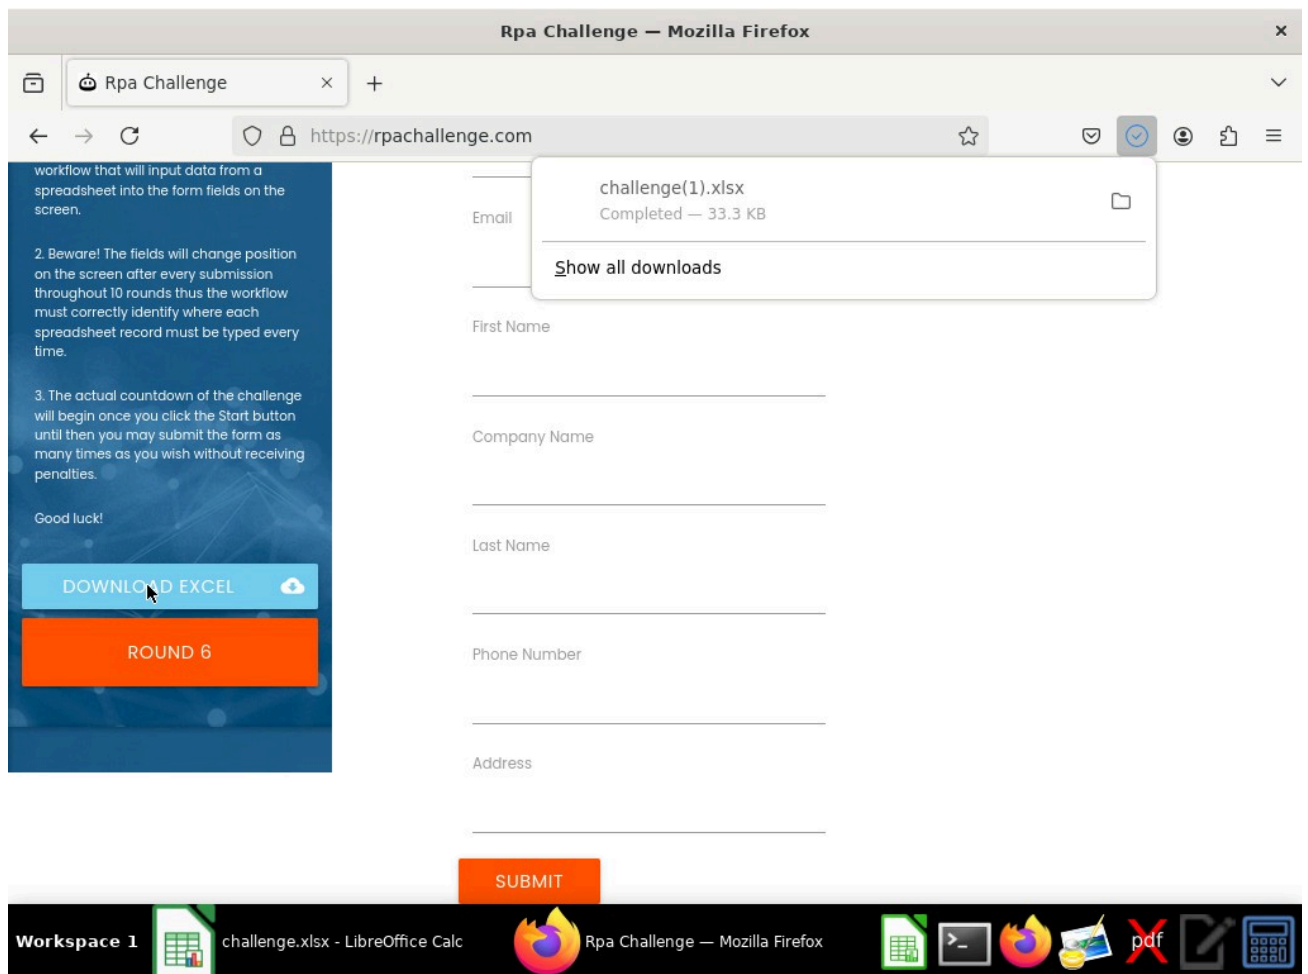

To continue filling out this form, I would need sample data to enter. Let me click on the "DOWNLOAD EXCEL" button first to see if it provides data that should be used to fill the form, as this appears to be part of an RPA challenge where data comes from a spreadsheet.

Tool Use: computer

Input: {'action': 'left_click', 'coordinate': [110, 456]}

T

Great! I can see that a file called "challenge(1).xlsx" has been downloaded (33.3 KB completed). I can also see it's now available in LibreOffice Calc as shown in the taskbar. Let me click on the LibreOffice Calc icon to open the spreadsheet and see what data needs to be entered into the form.

Tool Use: computer

Input: {'action': 'left_click', 'coordinate': [138, 737]}

Sheet1

Sheet 1 of 1 PageStyle_Sheet1 English (USA) Average: ; Sum: 0 75%

Workspace 1 challenge.xlsx - LibreOffice Calc Rpa Challenge — Mozilla Firefox

Perfect! Now I can see the spreadsheet with all the data that needs to be entered into the form. I can see there are 10 records (rows 2-11) with the following columns:

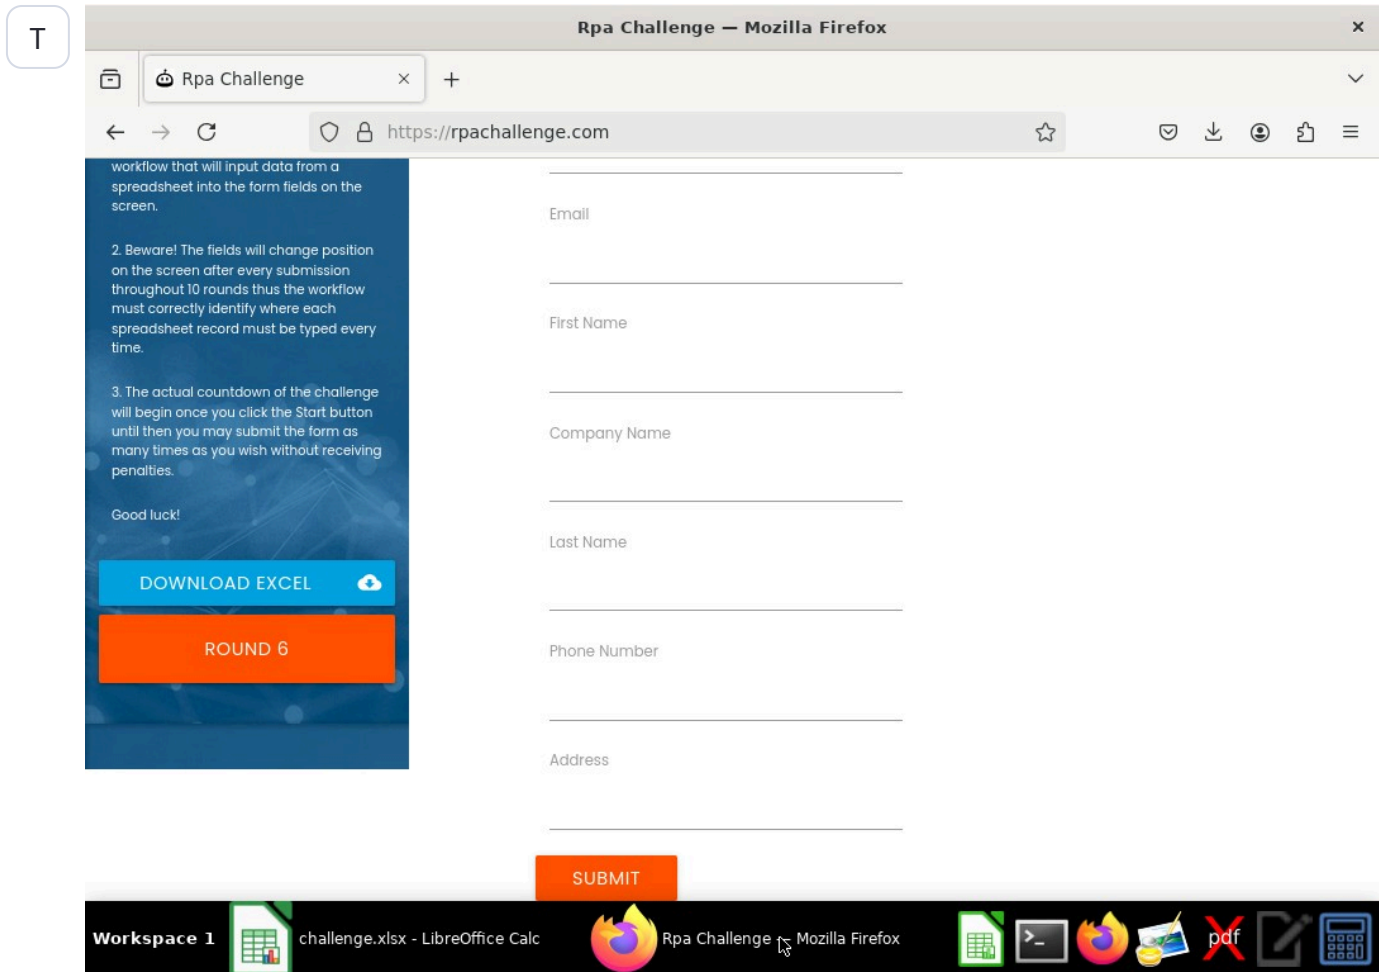

- A: First Name
- B: Last Name
- C: Company Name
- D: Role in Company
- E: Address
- F: Email
- G: Phone Number

Let me go back to the Firefox browser to start filling out the form with the first record. I'll click on the Firefox icon in the taskbar.

Tool Use: computer

Input: {'action': 'left_click', 'coordinate': [549, 737]}

Good! I'm back on the form. Now I'll start filling out the form with the first record from the spreadsheet. Based on what I saw, the first record (row 2) contains:

- First Name: John
- Last Name: Smith
- Company Name: IT Solutions
- Email: jsmith@itsolutions.co.uk
- Address: 98 North Road
- Phone Number: 40716543298

Let me start by clicking on the Email field and entering the email address:

Tool Use: computer

Input: `{'action': 'left_click', 'coordinate': [506, 165]}`

T

workflow that will input data from a spreadsheet into the form fields on the screen.

2. Beware! The fields will change position on the screen after every submission throughout 10 rounds thus the workflow must correctly identify where each spreadsheet record must be typed every time.

3. The actual countdown of the challenge will begin once you click the Start button until then you may submit the form as many times as you wish without receiving penalties.

Good luck!

Workspace 1 challenge.xlsx - LibreOffice Calc Rpa Challenge — Mozilla Firefox

Perfect! I have successfully filled out all the fields for the first record from the spreadsheet:

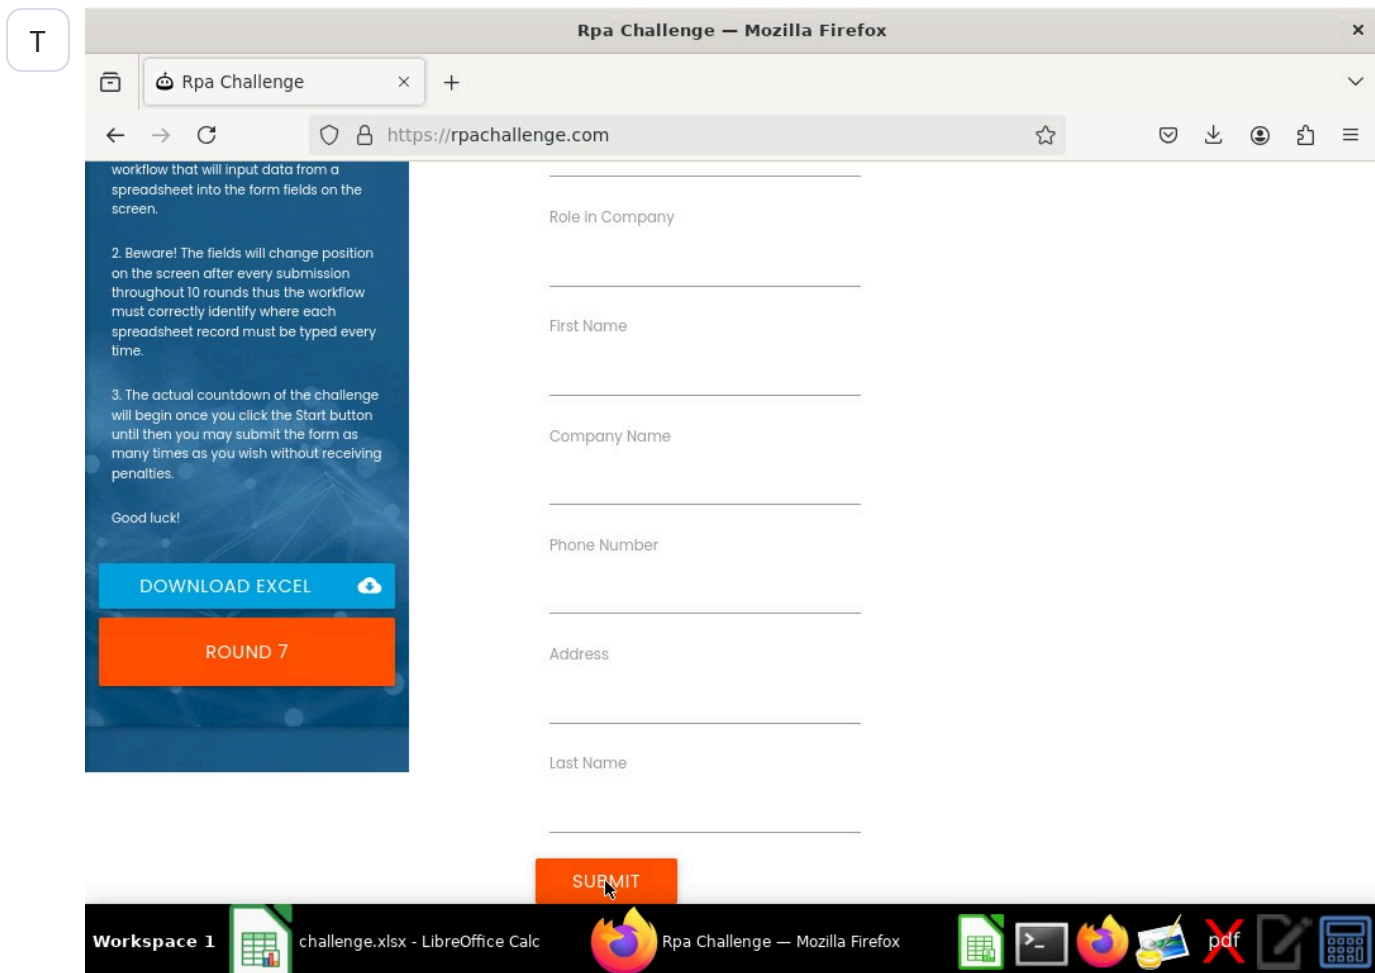

- Email: jsmith@itsolutions.co.uk
- First Name: John
- Company Name: IT Solutions
- Last Name: Smith
- Phone Number: 40716543298
- Address: 98 North Road

Now I'll submit this form by clicking the SUBMIT button:

Tool Use: computer

Input: {'action': 'left_click', 'coordinate': [411, 690]}

Excellent! The form has been submitted successfully and we've moved to Round 7! I can see that:

1. The form has been reset with empty fields
2. The left sidebar now shows "ROUND 7" instead of "ROUND 6"
3. The form fields have changed positions - I notice "Role in Company" is now at the top instead of "Email"

This is typical of RPA challenges where the field positions change after each submission to test the automation's ability to handle dynamic form layouts.

Now I need to continue with the second record from the spreadsheet. Based on what I saw earlier, the second record (row 3) contains:

- First Name: Jane
- Last Name: Dorsey
- Company Name: MediCare
- Email: jdorsey@mc.com
- Address: 11 Crown Street
- Phone Number: 40791345621

Let me start filling out the form with the second record. I'll start with the "Role in Company" field (which I can see from the spreadsheet is "Medical Engineer" for Jane):

Tool Use: computer

Input: `{'action': 'left_click', 'coordinate': [506, 190]}`

Perfect! I can see the cursor is in the "Role in Company" field. I'll type "Medical Engineer":

Tool Use: computer
