continue filling the form

I'll help you continue filling the form. Let me first take a screenshot to see the current state of the form.

```
Tool Use: computer
Input: {'action': 'screenshot'}
```

I can see a form with several fields that need to be filled out. The form appears to be for the "Rpa Challenge" and contains the following fields:

1. Address (empty)
2. Last Name (empty)
3. First Name (empty)
4. Role in Company (empty)
5. Company Name (empty)
6. Email (empty)
7. Phone Number (partially visible at the bottom)

I'll start filling out the form with sample data. Let me begin with the Address field:

```
Tool Use: computer
Input: {'action': 'left_click', 'coordinate': [472, 214]}
```

Instructions

EN

1. The goal of this challenge is to create a workflow that will input data from a spreadsheet into the form fields on the screen.

2. Beware! The fields will change position on the screen after every submission throughout 10 rounds thus the workflow must correctly identify where each spreadsheet record must be typed every time.

3. The actual countdown of the challenge will begin once you click the Start button until then you may submit the form as many times as you wish without receiving penalties.

Good luck!
